

# Carbon Group

**The team at Carbon Group showed they're not only award-winning financial people but also a team with great hearts!**

Alex McLennan, Office & Events Manager from Carbon Group recalls how their employees raised \$810 and helped support children with hearing loss in Western Australia.

## How did you hear about Loud Shirt Day?

We used to host a few events at Telethon Speech & Hearing before we moved into a bigger office space and they sent out communication about it.

## Why did you get involved with Loud Shirt Day?

We thought it was a good cause and a fun day for everyone in the office to participate in.

## Tell us about your fundraiser?

We just wore fun shirts and donated online. Everyone in the office bought in some snacks to share and also made a donation as a way to help raise funds.

The team at Carbon Group dressed in their boldest and brightest shirts for Loud Shirt Day.
